## Consent for Laser Hair Removal

Patient name: \_\_\_\_\_ Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

Treatment sites: mono-brow, lip, chin, neck, face, arms, fingers, chest, areola, linea, underarms, back, buttock, bikini, labia, scrotum, thighs, lower legs, feet, toes.

Combinations: \_\_\_\_\_

Previous hair removal methods: \_\_\_\_\_  
(shaving, tweezing, waxing, depilatories, electrolysis, laser)

The purpose of this procedure is to diminish or remove unwanted hair. The procedure requires more than 1 treatment and may produce permanent hair removal. The total number of treatments will vary between individuals. On occasions there are patients that does not respond to treatments. The treated hair should exfoliate or push out in approximately 2-3 weeks.

Alternative methods are waxing, shaving, electrolysis, and chemical epilation.

The following problems may occur with the hair removal system.

However slight, there is a risk of scarring. \_\_\_\_\_ Initials

**Short-term effects may include reddening, mild burning, and temporary bruising or blistering. Hyper-pigmentation** (browning) and **Hypo-pigmentation** (lightening) have also been noted after treatment. These conditions usually resolve within 3-6 months, but permanent color change is a rare risk. Avoiding sun exposure before and after the treatment reduces the risk of color change.  
\_\_\_\_\_ Initials

**Infection:** Although infection following treatment is unusual, bacterial, fungal, and viral infections can occur. Herpes simplex virus infections around the mouth can occur following a treatment. This applies to both individuals with a past history of herpes simplex virus infections and individuals with no known history of herpes simplex virus infections in the mouth area. Should any type of skin infection occur additional treatment including antibiotics might be necessary. \_\_\_\_\_ Initials

**Bleeding:** Pinpoint bleeding is a rare but can occur following treatment procedure. Should bleeding occur, additional treatment might be necessary. \_\_\_\_\_ Initials

**Allergic Reactions:** In rare cases, local allergies to tape, preservatives used in cosmetics, or topical preparations have been reported. Systemic reactions (which are more serious) may result from prescription medicines. I understand that exposure of my eyes to light could harm my vision. I must keep the eye protection goggles on at all times. Compliance with the aftercare guidelines is crucial for healing, prevention of scarring, and hyper-pigmentation. \_\_\_\_\_ Initials

Occasionally, unforeseen mechanical problems may occur and your appointment will need to be rescheduled. We will make every effort to notify you prior to your arrival to the office. Please be understanding if we cause you any inconvenience.

### ACKNOWLEDGMENT:

My questions regarding the procedure have been answered satisfactorily. I understand the procedure and accept the risks. I hereby release **Dr. Anna Rosinska/Body Focus Laser & Longevity Center** from all liabilities associated with the above-indicated procedure.
